

Precise hand welding thanks to device holder

## EASYFLOOR

Manual joint welding in plastic PVC flooring, as well as natural flooring made of linoleum and rubber, becomes child's play with the help of the EASYFLOOR holder.

Thanks to the adjustable angle and precise guidance of the TRIAC hot air blower, users achieve constant welding zone preheating and increased weld quality during manual welding.

- Stable, precise hot air blower guide
- Safe welding position when joint closing
- Easy closing of resilient floor coverings
- Fatigue-free manual joint welding
- Holder for safe positioning of the hot air hand tool
