# Janser Glue Guns

Professional Flooring Technology

Effortless processing thanks to the automatic feed!

## Glue Gun MKP 18

Fatigue-free work with increased productivity, with the new Janser MKP 18 up to 5.2 kg of hot-melt adhesive can be processed per hour.

The MKP 18 glue gun applies the glue sticks via touch of a button of an integrated motor.

An additional anti-drip system ensures that no excess material is pressed out of the nozzle.

The MKP 18 has powerful 600 W and will be a perfect companion for anyone who professionally and regularly uses large quantities of hot-melt adhesive in a wide variety of craft applications.

### Special features

- Anti-drip system
- Application up to 5.2 kg adhesive per hour
- Application temperature 205°C (400 °F)
- With ON/OFF switch indicator
- Power consumption from 600 W
- Suitable for glue sticks Ø17,5-18,2mm

### Standard accessories

comes in transport case incl. one replacement nozzle  
Order no. 237 097 800

Flexible for universal application

## Glue Gun KP 3012

### Special features
